

CERTIFICATE IV IN OCCUPATIONAL HEALTH AND SAFETY BSB41407

Target Client

This qualification reflects the role of individuals with vocational experience in Occupational Health and Safety roles who use well-developed skills and a broad knowledge base in a wide variety of contexts. They apply solutions to a defined range of unpredictable problems, and analyse and evaluate information from a variety of sources. They may provide leadership and guidance to others with some limited responsibility for the output of others.

An individual undertakes this qualification as part of their job role. Possible job titles relevant to this qualification may include:

- Occupational Health and Safety Coordinator
- Occupational Health and Safety Officer
- Occupational Health and Safety Advisor

Certification:

Upon completion participants will receive the Certificate IV in Occupational Health and Safety BSB41407

Upon completion of individual units of competency participants will receive a Statement of Attainment which is a progression towards the Certificate IV in Occupational Health and Safety BSB41407. This is a Nationally Recognised Qualification.

Assessment:

Participants will be assessed in a variety of ways during the course; this will include role play, case studies, demonstration and scenarios. The post course assignment involves the gathering of evidence relevant to all aspects of training and assessment in a workplace environment.

Duration

10 working days face to face, plus post course assessment
