

# Course in Painters' Registration (52202)

## How to obtain Painters' Registration

---

### Entry requirements for this course:

Candidates are required to have successfully completed a qualification or an accredited course as follows:

- (a) CPC30608 Certificate III in Painting and Decorating; or
- (b) A relevant superseded qualification that equates to the CPC30608 qualification; or
- (c) Candidates who have the skills and experience in painting and decorating and can demonstrate this in a practical skills test (a subset of the CPC30608) qualification) may be deemed by the Painters' Registration Board to merit special entry.

### Limitations to entry:

Entry requirements to this course include language, literacy and numeracy skills. Entry to this course also requires basic skills in communication and maths which is identified by one dot from the MPA Skills Admission Entry Requirements Benchmarks. Please refer to the MPA Skills Admission Entry Requirements Benchmarks on our website [www.mpaskills.com.au](http://www.mpaskills.com.au).

### Language, Literacy and Numeracy:

There are programs available to help you improve your speaking, reading, writing or basic maths skills. Eligible customers can get help through the Language, Literacy and Numeracy Program (LLNP). This aims to help customers improve their chances of getting and keeping a job, as well as making their everyday lives easier. Please contact Centrelink as you may be eligible for assistance and they will then refer you to a contracted service provider such as Technical and Further Education (TAFE) institutions for an initial assessment to determine their needs and suitability for assistance under the LLNP.

### The course consists of:

- Establish Legal & Risk Management Requirements of Small Business
- Identify & Produce Estimated Costs for Building & Construction Projects
- Prepare Surfaces for Painting (including PRB colour & wallpapering)
- Painter's Practical Trade Test

---

Students may not need to do all of the above units, please choose which pathway from the list below to work out the units you require.

There are three pathways into this training;

1. Students who have completed an apprenticeship in WA and hold a Certificate III in Painting and Decorating CPC30608 or a qualification equivalent to this require:
  - Establish Legal & Risk Management Requirements of Small Business
  - Identify & Produce Estimated Costs for Building & Construction Projects
2. Students with a minimum of five (5) years proven skills and experience in the painting and decorating industry who have not completed an apprenticeship require:

- Establish Legal & Risk Management Requirements of Small Business
  - Identify & Produce Estimated Costs for Building & Construction Projects
  - Prepare Surfaces (including PRB colour & wallpapering)
  - Painter's Practical Trade Test
3. Students who believe they already have sufficient experience and skills in the Painting & Decorating industry can contact the Painters' Registration Board for a skills assessment.
- The outcome of this may be that the student completes the assessments only.
  - Please contact The Painters' Registration Board on (08) 9476 1212 or [www.painters.wa.gov.au](http://www.painters.wa.gov.au).

Once a student has successfully completed the appropriate courses and is deemed competent, they may then apply to the Painters' Registration Board for their registration. Please refer to the PRB's website for further information [www.painters.wa.gov.au](http://www.painters.wa.gov.au).

## PRC - BUSINESS

### UNITS COVERED

BSBSBM401A Establish legal and risk management requirements of small business

**COST** (including text books) **\*\* Please note prices may change without notice\*\***

Unit	Total Charge	CTF Subsidy	Cost to Student	Member Discount
